

## Console Reference Chart

### December 2013

This reference list will help you identify which series Littlite will work on your sound or lighting console. Each series is available with your choice of 6, 12 or 18" gooseneck length and light type: Low Intensity (2.4 watt incandescent), High Intensity (5-Watt Halogen) and LED. This information is accurate to the best of our knowledge, please consult your owners manual for more details on your console.
